

# STRATEGY BUILT FOR A PURPOSE

## CONSULTANT / PROJECT MANAGER

**stradoo®** is a **globally acting strategy consulting and advisory firm** focusing exclusively on the **Life Science industry**; i.e. Pharmaceuticals and Medical Devices, Biotechnology and Healthcare companies. Several years ago, we set out to create innovative management tools that would transform the way organizations define and execute their strategies. Today, our tools are deployed in most top healthcare companies and institutions in the world to solve problems.

As a **Consultant / Project Manager**, you support our Partners on strategy projects providing advice to our clients in areas such as **Corporate Strategy, R&D Strategy, Marketing & Sales Strategy, Turn-around, Organization** and **during Mergers and Acquisitions**. You will be an integral member of our project teams from day one. As we operate as small consultant teams, you will be immediately exposed to Partners at **stradoo®** and senior client management. This exposure will facilitate a steep learning curve on your end and provide you with the opportunity to get to know strategy consulting first hand.

### Your tasks

- **Consult global clients** in corporate strategy issues
- **Perform projects** in areas such as marketing and sales, research and development, organization and restructuring
- **Support leading healthcare companies** in mergers and acquisitions
- Develop business and market strategies
- **Analyze product portfolios** and competitive environment
- **Develop high rank publications** and lectures on attractive topics

### Your background

- Above average academic degree in economics, business administration, medicine or natural sciences (Master, MBA, or PhD)
- Previous exposure to healthcare and/or consulting as part of internships
- Relevant work experience in the healthcare industry and/or in consulting (project manager)
- Excellent skills in English and preferably another foreign language

If you are interested and looking for a challenge in Top Management Consulting at **stradoo®** please apply by email and send us your application, curriculum vitae and relevant certificates.
