

Building a better working world

Do you want to stay in your box or go beyond it?

The better the question. The better the answer. The better the world works.

(Senior) Consultant Healthcare - Transaction Strategy and Execution (f/m/d) - 428341

Infos und Bewerbung über Alumnus Moritz Reinsch: Moritz.Reinsch@parthenon.ey.com oder <https://www.linkedin.com/in/moritz-reinsch/>

Frankfurt/Main, Dusseldorf, Hamburg, Berlin, Munich or Stuttgart

At EY, you'll have the chance to build a career as unique as you are, with the global scale, support, inclusive culture and technology to become the best version of you. And we're counting on your unique voice and perspective to help EY become even better, too. Join us and build an exceptional experience for yourself and a better working world for us all. In our Transaction Strategy and Execution department, you will be advising on the full potential of portfolio investments and helping our clients to make sound strategic decisions. If you're looking to develop your individual skills whilst working in interdisciplinary and multicultural teams, then join us! At EY-Parthenon, we provide the opportunities to "build a strategy career unique to you."

What you can expect – enriching experiences that will last a lifetime

As a member of our Transaction Strategy and Execution Healthcare team in Frankfurt/Main, Dusseldorf, Hamburg, Berlin, Munich or Stuttgart, you will organize company transformations, process optimizations, operational restructuring, and innovations of all sizes in the area of healthcare. Your key responsibilities

- ▶ Advising hospitals on how to optimize and restructure their processes and structures
- ▶ Developing and implementing improvement measures
- ▶ Working with colleagues from a variety of fields in the global EY network
- ▶ Carrying responsibility for the progress of projects and the technical supervision of team members

What you can contribute – skills for shaping the future

- ▶ At least 2-3 years of professional and project lead experience in the optimization and restructuring of hospital processes and structures
- ▶ Above-average university degree in medicine, health economics, medical informatics or economic sciences with a focus on healthcare (an MBA or PhD is also desirable but not essential)

What makes you stand out – attributes for your success

- ▶ Analytical skills and a precise way of working
- ▶ Dedicated team player with a high sense of responsibility
- ▶ Very good communication skills in German and English

What we are offering – an inspiring work environment

- ▶ Customized career advancement and diverse training opportunities using state-of-the-art technology that challenge you each and every day
- ▶ Comprehensive and customized leadership development programs that support you in leading and inspiring your staff each and every day
- ▶ Reconciliation of family and career with flexible working hours and locations
